***Tina Schultz, Vice Principal***

Dear Parents,

As a student at LaSalle Preparatory, your child has an opportunity to participate in our 21st Century Community Learning Centers (21st Century) program. The 21st Century Program allows us the opportunity to offer your student academic review, provide hands on experiments, increase their real world learning, and teach them leadership skills. We believe these hours of extra learning will help students with their regular school day attendance and increase their overall math and reading scores.

***In order for your child to attend 21st Century***, we must have a registration form on file. Simply fill out the form and have your student return the registration form to Mr. Ruffolo or Mr. Briglio, located in the Student Services office. Please mark on the registration form the preferred mode of transportation home (dismissed at 5:00pm on Monday-Thursday). We will follow your instructions and will not permit changes without prior parental permission because we value your child's safety.

Our program is voluntary, but we obviously still have expectations of respect and good behavior within our program. One of our program goals is to have students attend 21st Century for at least 30 days. We feel that this goal is easily attainable throughout the whole school year and 30 days allows us the time to truly help and grow your children in our program.

Thank you for allowing us the time and opportunity to get to know your child and help them in their educational journey. Please, feel free to contact us at 278-8880 with any questions or concerns.

Nick Ruffolo – Site Coordinator

John Briglio – Site Coordinator
