

Niagara Falls City School District
Learning For All...Whatever It Takes

PS2 is a program designed to help guide students on the best pathway to post-secondary success.

Career exploration activities like **job shadows** and **internships** connect the classroom to the real world, thereby creating relevance for students. The goal is to provide students hands-on opportunities to build career and college readiness skills.

Students can also participate in **dual enrollment**, a program that provides **students the opportunity to complete college-level coursework and earn college credits while enrolled in high school.**

Currently, dual enrollment courses are offered with **Niagara University** (20 courses and more than 300 students earning college credits with NUSTEP), **Niagara County Community College** (23 courses and more than 300 students earning college credits), **Daemen University** (4 courses/8 sections with more than 150 students earning college credits), and **Bryant & Stratton** (1 course /2 sections with 60 students earning college credits).

INTERNSHIPS

- 60 hours over 7 months
- Helps students finalize college and/or career plans
- Students develop positive work habits
- Invaluable exposure to businesses and community partners

DUAL ENROLLMENT

- Students earn college credits while enrolled in high school
- Provides an **accelerated pathway** through college that saves students time & money.
- Helps prepare students for college life and expectations

JOB SHADOWS

- 4-8 hours per experience; flexible
- Builds self esteem and confidence
- Students explore multiple careers
- Invaluable exposure to businesses and community partners

Exciting New Developments

- Through PS2, the Niagara Falls City School District is partnering with Orleans Niagara BOCES and **Niagara Falls Memorial Medical Center** to **create a pathway for CNA certification and job placement** at Schoellkopf Health Center.
- Niagara Falls High School's **Life Skills students** are participating in **Work Based Learning** two days per week with the **New York State Parks, Hard Rock Cafe, and the St. James Early Childhood Development Center.**
- **Dual enrollment courses** are aligned with **several courses and pathways** including, but not limited to: PTech, Junior Law Academy, STEM fields and ESports, as well as the following pathways: Art, Education/Teacher/Social Work, Business Marketing, Computer Science, Criminal Justice and Pre-Law and Hospitality, Sports and Tourism.
- PS2 is **collaborating with Buffalo State College** for the 2023-2024 school year to add more teacher preparation courses, and to offer college credit for Niagara Falls High School's **African American Studies** course, as well as a theater course that incorporates **Introduction to Theater/History** and the **African American Experience.**

Thank You to our Corporate and Community Partners
