

Need internet access for virtual school and homework?

Is your internet too slow for learning at home?

Get **FREE** internet access to your home!

How it works

Parents/caregivers sign-up through their school district.

1

Confirm no internet connection at home, or a connection is too slow for learning.

2

Commit to safe keeping and responsibly using hotspot.

3

Share the location where the hotspot will be used.

Mobile hotspots will be shipped in May 2021, and can be used wherever the student is learning! Data plans will end June 2022.

Apply through your school district.

No payments or financial information from families required.
