## Dear Teachers

We hope you and your kids enjoy these materials, and we look forward to your feedback. It always brightens our day, plus you can earn points good towards future purchases. We'd also love to connect with you online. You can find us on our [website](#), [Teachers Pay Teachers](#), [Facebook](#) and [Pinterest](#).

## Product Info

This pack includes six different sizes of primary paper. Each size also has two different versions: one with a space for drawing, and one with writing lines only. There are many ways you can use these pages. They work great for differentiating based on students' writing skills. They can be used at writing centers or during writers workshop. They can also be sent home to support extra writing practice. No matter how you use these, they will help support beginner writers as they learn to form letters and write their first sentences.
