

## AP Chemistry Plan

Remind account for communication to students. Text @86d24b8 to 81010 to join. (all students have joined and have internet capabilities at home.)

Every day (M-F) we will have a zoom conference at 11 am. All students have created zoom accounts. The zoom sessions will allow students to ask questions on the review assignment from the previous day.

Students are to continue their progress checks on AP Classroom that are due every Monday.

Review assignments will be given on both AP classroom and cengage. Students have all log in information for both.
