

NEW- Sign up for our class remind @eschwenk

Resources we have been using all year:

1) Sign into our class onenote notebook for Unit 6 lessons, videos, and assignments. There are several assignments posted there, just remember you have to use @nfschools.net at the end of your username because you will be logging into onenote outside of the school district network. If you are not able to access onenote, please let me know. I will try to send the assignments out to you through email.

2) Log into your account on My AP Classroom for assignments and progress checks beginning the week of 3/23. The College Board has stated the exam this year will only cover material through Unit 6 and the exam will be shortened to under an hour, responses will be written. As of right now, there will not be any multiple choice on the exam. Another update will come at the beginning of April.

Please make sure you are checking the email account that you set up your account with through College Board, as they have been asking students to respond to surveys, and giving testing updates to you through that account.

3) Fiveable and CrackAP are additional resources that were shared with you in class.
