

Handsome Strawberries

Craft: strawberries

These handprint berries are an awesome way to begin a thematic unit on strawberries!

Materials for one:

- 12" x 18" sheet of construction paper
- shallow pan of red paint
- yellow paint
- toothpicks
- green tissue paper
- glue

Directions:

1. Press your hand in the red paint and make handprints (strawberries) on the construction paper.
2. Dip the toothpick in the yellow paint and then press it repeatedly on the strawberries so the prints resemble seeds.
3. Tear strips of green tissue paper and glue them to the top of each strawberry.
