I am going. I am going  
into the barn. I am going  
into the barn which is  
next to the farmhouse.

It is too dark to see. It is too dark to see if there are any animals. It is too dark to see if there are any animals in the barn.

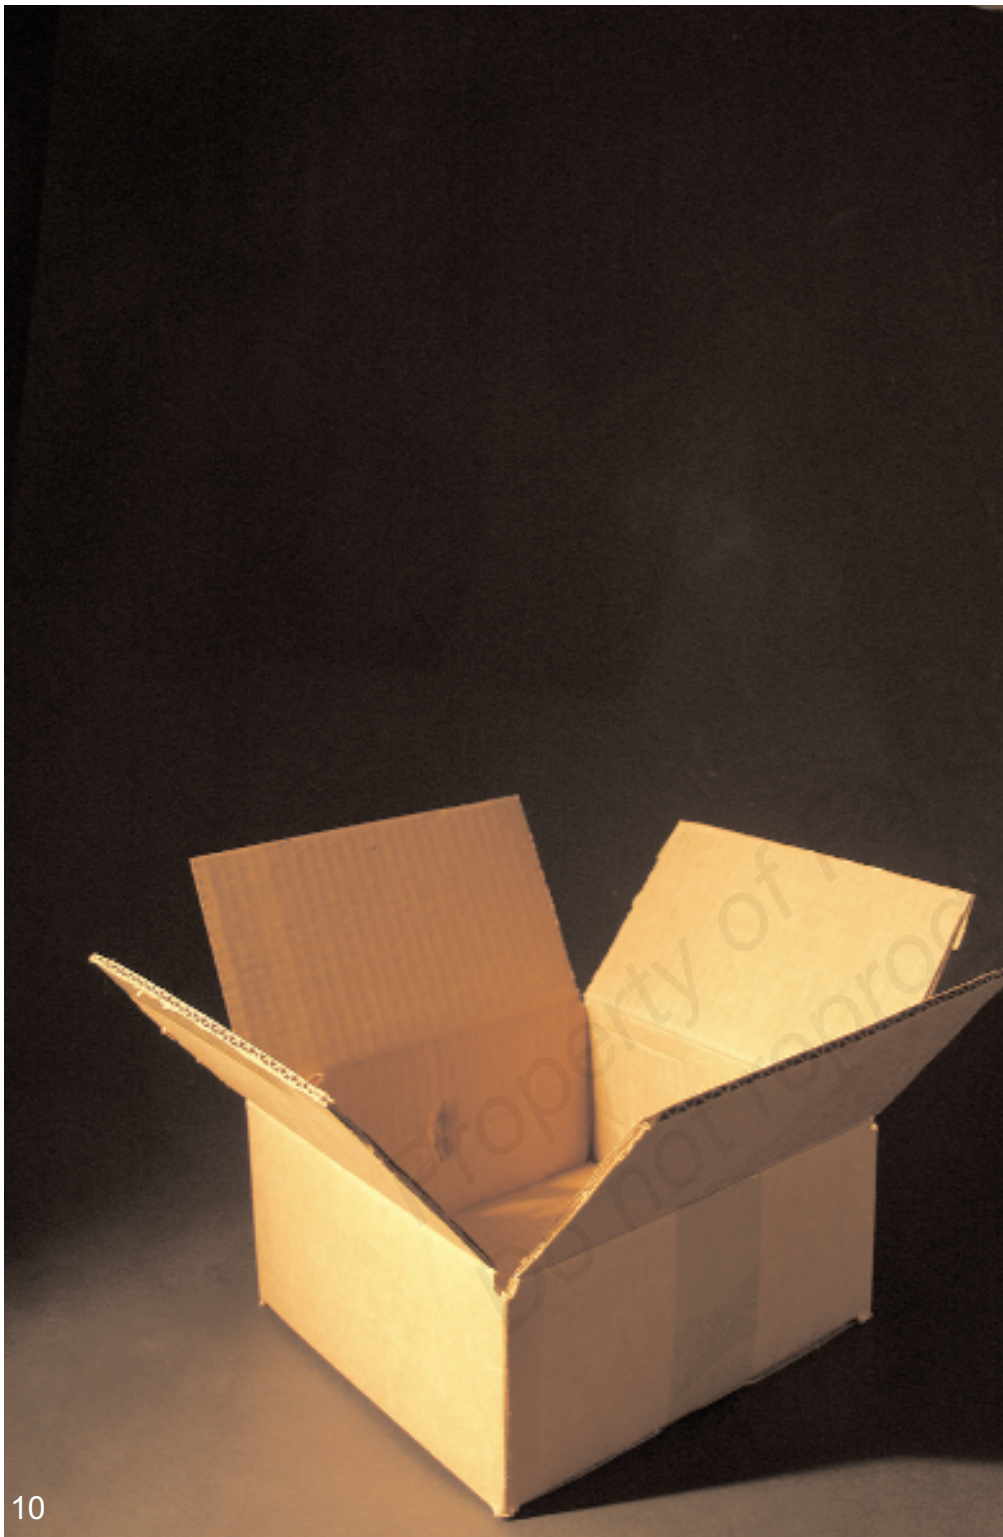

I must find the light switch. I must find the light switch and put it on. I must find the light switch and put it on at once.

I have found the light switch. I have found the light switch on the wall. I have found the light switch on the wall right next to the door.

I can see an old box. I  
can see an old box on  
the ground. I can see an  
old box on the ground in  
the barn.

I can hear a noise. I can hear a noise coming from the old box. I can hear a noise coming from the old box on the ground.

I can see a kitten. I can see a kitten sleeping. I can see a kitten sleeping in the old box on the ground.

The kitten is using the old box. The kitten is using the old box on the ground. The kitten is using the old box on the ground to keep warm.

I think the kitten would be better off. I think the kitten would be better off if I took it. I think the kitten would be better off if I took it out of the cold barn.

I think I will clean and wash. I think I will clean and wash the kitten. I think I will clean and wash the kitten and keep it for a pet.

Dr. Joseph F. Lockavitch, a former classroom teacher, school psychologist, university professor and special education director, is the author and developer of: The Failure Free Reading Program, Don't Close the Book on Your Not-Yet Readers, Verbal Master – an accelerated Vocabulary Program, and The Test of Lateral Awareness and Directionality.

He is the author of dozens of published articles. His most recent research can be found in the Australian Journal of Learning Disabilities, the Journal of Learning Disabilities, Special Services in the Schools, The Journal of At-Risk Issues, and the Florida Reading Quarterly.

Listed in Outstanding Teachers in Exceptional Education, Who's Who in American Education and Who's Who in the South and Southwest, Dr. Lockavitch has spent the last thirty years training teachers, parents, and administrators across the nation on how to meet the unique problems of America's 'bottom of the bottom' students.

Dr. Lockavitch holds a Doctorate of Education from Boston University and a Master of Science in Special Education from Southern Connecticut State University in New Haven, Connecticut.
