

School Comprehensive Education Plan

2025-26

District	School Name	Grades Served	
Niagara Falls City	Harry F Abate Elementary	2.6	
School District	School	2-6	

Collaboratively Developed By:

The Harry F. Abate Elementary School SCEP Development Team

Lynne Tompkins, Allen Cowart, Nicole Cafarella, Cathy D'Angelo, Simone Beckford, Dasha Colvin, Ashley Hardy, Patricia Hennegan, Jennifer Mettler, Andrea Tomala

And in partnership with the staff, students, and families of Harry F. Abate Elementary School.

Guidance for Teams

Navigating the Plan

You can expand or collapse any section of the plan by clicking the triangle next to the blue headings. Additionally, you can move through sections using the Navigation Pane in Microsoft Word.

Before Writing the Plan

Before working on this document, school teams should have:

- 1. Completed the Five-Part Needs Assessment, which consists of:
 - Activity 1: Analyze: Data Variation Identification
 - Activity 2: Analyze: Data Variation Share and Explore
 - Activity 3: Analyze: Survey Data
 - Activity 4: Listen: Student Interviews
 - Activity 5: Envision: Reflect and Synthesize
- 2. Met with their NYSED/District/BOCES liaison:
 - Following Activity 1: Analyze Data Variation Identification
 - Following Activity 5: Envision: Reflect, Synthesize, and Plan after identifying the Key Strategies before writing the implementation plan.
- 3. **Met with their district** to share ensure alignment and coherence between the school's improvement vision and the district's vision.

Key Strategies

Schools must identify the evidence-based, high-impact levers, known as "Key Strategies," they believe will improve current outcomes. Each Key Strategy should represent a change in the upcoming year compared to previous years. The Key Strategy should fall into one of the following categories:

- 1. Something **new** to the school; or
- 2. An existing strategy **being expanded** to reach a wider audience; or
- 3. An existing strategy **being refined** or adjusted from previous years.

To ensure effective implementation, school teams must be strategic in selecting the number of approaches they plan to use to improve outcomes, avoiding the temptation to implement too many initiatives. To assist this process, NYSED has provided the following guidance:

- At least 1 Instructional Key Strategy must be identified.
- Non-Instructional Key Strategies are optional.
- Total number of Key Strategies (Instructional and Non-Instructional combined) must be between 2 and 5.
- Non-Instructional Key Strategies should not outnumber Instructional Key Strategies.

These Key Strategies should be aligned with the data reviewed and student interviews from the needs assessment. Teams must also explain the rationale for each Key Strategy selected on the provided template.

Schools may find Hattie's <u>High Impact Teaching Strategies</u> and the resources gathered at <u>Visible Learning</u>, especially the Teaching Strategies, to be helpful resources when considering Key Strategies. The <u>Diagnostic Tool</u>

Guidance for Teams

<u>for School and District Effectiveness (DTSDE) Framework</u> and <u>Phases of Implementation</u> may also be useful when considering different options to pursue.

Key Strategy Implementation

For each Key Strategy, the school team needs to outline its implementation plan for the upcoming year.

- For new strategies, the plan should detail how the strategy will be introduced and rolled out.
- For expanded strategies, the plan should explain how the expansion will occur.
- For refined strategies, the plan should highlight how this year's approach differs from previous years.

Each plan should include a sequence of activities that build upon one another. In the column to the right of each activity, include the target date for implementation. This will help the team track progress during the 2025-26 school year.

Key Strategy Progress Monitoring

After identifying their Key Strategies, school teams should set success criteria and benchmarks to evaluate progress throughout the year.

Each Key Strategy must include at least one Early Progress Milestone to provide early feedback on the strategy's success. The data, which could be implementation data and/or outcome data, should directly align with the Key Strategy.

Each Key Strategy must include at least one outcome-based Mid-Year Benchmark and End-of-The-Year target that is directly related to the strategy.

Performance Targets

In addition to setting Mid-Year Benchmarks and End-of-Year targets for each Key Strategy, the plan must also establish overall Performance Targets that reflect the anticipated improvement from the combined impact of all strategies. While the Key Strategy Progress Monitoring will track data specific to each individual strategy, the Performance Targets serve as broader indicators of overall school improvement.

Ongoing Monitoring

The plan template allows school teams to revisit and update their plan throughout the year. A designated section tracks progress for each Key Strategy and for the Performance Targets, allowing teams to record outcome data or evidence alongside original targets. This section should remain blank when first writing the plan and will be updated throughout the year as the team assesses the success of the plan.

SCEP Rubric

NYSED has created the SCEP Rubric to help teams identify areas for improvement in their plan. The rubric can be a valuable reference tool while writing the plan. After completing the initial draft, schools should self-assess sing the rubric before finalizing their plan.

Resources for Team

- Assembling Your Improvement Planning Team
- NYSED Improvement Planning website: http://www.nysed.gov/accountability/improvement-planning

Evidence-Based Intervention

All key strategies pursued by schools should be rooted in evidence. All schools in the CSI, ATSI, and TSI support models must implement at least one evidence-based intervention that meets the criteria of a Tier 1, Tier 2, or Tier 3 evidence-based intervention under ESSA. More information can be found at: http://www.nysed.gov/accountability/evidence-based-interventions.

School teams should indicate **all** of the evidence-based interventions that meet the federal definition that will be pursued next year by placing an "X" in the corresponding box below. Schools that adopt the State-Supported Evidence-Based Intervention **under the parameters outlined** at: https://www.nysed.gov/accountability/state-supported-evidence-based-strategies will fulfil the evidence-based intervention requirement.

State-Supported Evidence-Based Interventions	Mark "X" if the school will implement this in 25-26
Align High School and College Courses to Increase Post-Secondary	
<u>Transition Outcomes</u>	
<u>Community Schools</u>	X
Elementary School Looping	Х
Establish an Early Warning Intervention and Monitoring System	
Evidence-Based Instructional Methods	X
Expanding access to high-quality Out-of-School-Time programs	Х
High-Quality Instructional Materials	X
High-Quality Tutoring	X
Incoming Student Induction Programs and Summer Bridge Programs	
Instructional Coaching	Х
Middle School Flexible Scheduling	
Multi-Tiered System of Supports – Integrated (MTSS-I)	Х
Ongoing Job-Embedded Professional Development	X
Principal Leadership Development	
Professional Learning Communities	Х
Restorative Practices	

Other (required if no State-Supported Evidence-Based Intervention is identified above): Identify and describe a School-Identified Intervention that meets the criteria of a Tier 1, Tier 2, or Tier 3 Evidence-Based Intervention. Please also indicate the Clearinghouse, Evidence Review, or research that indicates the intervention qualifies as a Tier 1, Tier 2, or Tier 3 Evidence-Based Intervention.

Learning as a Team

Directions

Teams should complete the reflective prompt below.

Student interviews revealed that while most students feel safe and supported, they face barriers like distractions, anxiety, and challenges outside of school. Their feedback highlighted the need for stronger goal-setting systems, more consistent support for students with disabilities, and increased family engagement. These insights directly informed our focus on SMART goal setting, a school-wide improvement plan for students with disabilities, and expanded SEL and family partnership efforts.

Schools in the ATSI and TSI model only

Subgroup Spotlight

Describe how the team has determined that the strategies within this plan are likely to result in improved subgroup performance for the subgroup(s) for which the school has been identified.

The team used progress monitoring trends, academic data, surveys and student interviews to identify barriers influencing student academic performance, social emotional well-being, and attendance among various student subgroups. The chosen strategies include SMART goal setting, school-wide improvement plan for students with disabilities, targeted academic and social-emotional interventions as well as family engagement which provides evidence-based approaches to address student subgroup performance gaps. By implementing targeted intervention, progress monitoring and staff training we aim to improve student academic outcomes and classroom engagement.

Key Strategies

(What are we doing? Why are we doing this?)

In column 1, input at least one, but no more than five strategies that reflect something **new** the school is introducing or something currently in existence that the school is **expanding** or **refining** for the upcoming school year. In column 2, specify whether the strategy is something new, something being expanded, or something being refined. In column 3, identify the data that indicates these strategies will be beneficial for the school. For any Key Strategy that is not new, provide a 1-2 sentence summary of how the key strategy will be expanded or refined next year.

refined next year.		
KEY STRATEGY (What are we doing?)	HOW TO DOES THIS COMPARE TO EXISTING EFFORTS?	WHY: What did we learn from our needs assessment that suggests this is the right Key Strategy and will have a positive impact on students? Use evidence. Consider both data trends observed and student interview responses. Additionally, for any Key Strategy that does not represent something new, provide 1-2 sentences describing how the school will expand or refine the Key Strategy next year.
Educate and proactively involve all students in their differentiated educational programs to include Academic and Personal SMART goal setting.	REFINE	The School Performance Scan continues to indicate that students lack responsibility for their learning. Additionally, the Student interviews indicated that the students feel their peers do not take responsibility for their learning. Finally, the Parent Engagement Survey indicated that many parents believe that child(ren) are not required to self-monitor their progress and keep track of their own learning. This strategy will be refined by aligning extended day interventions to student specific SMART goals. We will implement school-wide initiatives to support teachers in utilizing common planning time to collaborate, identify strategies and trends to monitor growth. This strategy will increase students' awareness and ownership of their learning to enhance their motivation and ability to track their own goals.
Design and implement a school-wide, continuous improvement plan for students with disabilities.	□ NEW	We acknowledge that over 30% of our students have learning disabilities, and many are economically disadvantaged. We recognize this will require specially designed and differentiated instruction that is consistent throughout our classrooms.

Professional development for teachers will focus on school-wide procedures to monitor progress toward personal academic goals in a consistent manner to promote seamless interventions.
Student voice surveys indicate that students understand that their peers need different interventions, accommodations, and modifications to achieve their target growth.

Implementation

How will we do this?

KEY STRATEGY 1 Educate and proactively involve all students in their differentiated educational programs include Academic and Personal SMART goal setting.				
	DAY OF SCHOOL IMPLEMENTATION What is our plan for uccess with this Key Strategy before the school year starts? What steps are involved?	When will this be in place?		
o Identify	nittee to meet, analyze data and identify needs for specific sub-groups y students for targeted, high-quality after-school interventions up and roll out consistent interventions for SMART goals school-wide	Mid July 2025		
 5-person commor programming 	nittee to meet and plan program/curriculum for extended day	End of July 2025		
 Administrators implementation 	will gather information from the committee and determine the n timeline.	August 2025		
	T HALF OF THE YEAR IMPLEMENTATION ing this Key Strategy in the first half of the year? What steps are involved?	When will this be in place?		
through active,	Education Elements (Lucia Kaempffe): providing intensive coaching , practice-based learning (pedagogies of enactment) or on-going, jobfessional development	Beginning October 2025		
 Focused training from Education Elements after school training (schedule B) for 7- 10 teachers 				
-	 Extended Day committee to meet and re-evaluate baseline data to confirm student placement in the tutoring 			
· ·	instructional coach-supported common planning time meeting re: coring using Wonders & iReady data	Fall 2025		
 Common plann 	ning time meeting re: grade level, fact fluency data monitoring	Fall 2025		
	supported common planning time in which teachers evaluate data to in tiered Math and ELA groups based on academic need	Fall 2025		
 Common plann tracking and de 	ning time: re-introduction/refresh SMART Goal setting, conferencing, evelopment	Fall 2025		
 School-wide initiation achievement go 	itiative to reinforce and celebrate classrooms meeting their oals	Fall 2025		
 Extended day, identified sub-g 	high-quality instructional programming based on needs assessment of groups	Fall 2025		

 Parent Group Meeting: understanding the data, sharing priorities and student goals Parent input on how the school can support families to help their child(ren) achieve their goals In attendance with their child, explanation of the data and students present re: SMART goals 	October 2025
SECOND HALF OF THE YEAR IMPLEMENTATION What is our plan implementing this Key Strategy in the second half of the year? What steps are involved?	When will this be in place?
 Continue 1x per month: instructional coach-supported common planning time meeting re: progress monitoring using Wonders & iReady data 	Winter 2026
Common planning time meeting: second half of the year data and plan forward	Winter 2026
 Revised offerings for extended day programs based on participation, feedback and effectiveness of the offerings from the first half 	Winter 2026
 Department meeting: discuss Student Information Sheets and detailed information provided for next year's teacher 	Spring 2026

Progress Monitoring
How will we measure progress and impact for this Key Strategy?

	What data will we be reviewing?	What do we hope to see when we review that data?	What we ended up seeing. What are our next steps? complete when reviewing data
Early Progress Milestones (implementation/outcome data)	Participation, informal assessments, and observations	An increase in student motivation, ownership of their learning, and therefore overall achievement.	
Mid-Year Benchmark(s) (outcome data)	IReady, NWEA data, AIMS web	Increased student ownership over their academic goals and monitoring student progress.	
End-of-the Year Targets (outcome data)	IReady, NWEA data, AIMS web	Increased student performance.	

KEY STRATEGY 2	Design and implement a school-wide, continuous improvement plan for students with disabilities.			
	t DAY OF SCHOOL IMPLEMENTATION What is our plan for uccess with this Key Strategy before the school year starts? What steps are involved?	When will this be in place?		
Summer work with BOC management and curric	CES, Maria LaRotunda to train special education staff on classroom culum	Summer 2025		
Autism training with Dr. Marcus Thomeer to prepare for 8:1:3 classrooms				
Special Education Instructional Coach—Christina Manguson to provide training and professional development regarding CT and ICT programs				
Design a school-wide Continuous Improvement Cycle for students with Disabilities. Per diem days for design and planning				
Teachers provide accurate information (progress monitoring, benchmarking data, interventions) to next year teacher to ensure continuum of services and interventions				

FIRST HALF OF THE YEAR IMPLEMENTATION What is our plan implementing this Key Strategy in the first half of the year? What steps are involved?	When will this be in place?
Provide high quality tutoring through the Extended Day program	Fall 2025
Continue training and consultation with Dr. Thomeer to support development of 8:1:3 classrooms	Fall 2025
Consultation with Special Education Instructional Coach Christina Manguson to review baseline data and create intervention action plans	Fall 2025
Special Education Department Chair to train teachers on efficient and effective progress monitoring during common planning time	Fall 2025
Program implementation survey for teachers to assess topics needs for further professional development and classroom support. Implement a school-wide Continuous Improvement Cycle.	Fall 2025
Work with special education instructional coach to create concise and consistent procedures for data documentation and information sharing.	Fall 2025
SECOND HALF OF THE YEAR IMPLEMENTATION What is our plan implementing this Key Strategy in the second half of the year? What steps are involved?	When will this be in place?
Provide high quality tutoring through Extended Day Program	Winter 2026
Review iReady data to create intervention plans for students	Winter 2026
Use data from Annual Review meetings to monitor progress and redesign intervention plans as needed	Winter- Spring 2026
Monitor and evaluate new strategies for progress monitoring and documentation	Spring 2026

Progress Monitoring

How will we measure progress and impact for this Key Strategy?

	What data will we be reviewing?	What do we hope to see when we review that data?	What we ended up seeing. What are our next steps? complete when reviewing data
Early Progress Milestones (implementation/outcome data)	Teacher needs assessment	Successful opening of school, positive feedback from staff	
Mid-Year Benchmark(s) (outcome data)	iReady, progress monitoring, data analysis, walk throughs	Growth in academic areas, students aware of and actively working toward personal goals	
End-of-the Year Targets (outcome data)	iReady, progress monitoring, support team calls	Measurable growth from the beginning of the school year, meeting their stretch goals.	

Academic Performance Targets

Mid-Year Benchmarks and End-Of-The-Year Targets

We believe successful implementation of these instructional strategies will allow us to reach the following mid-year benchmarks and end-of-the-year goals.

	What student data will we be reviewing?	What Key Strategies are intended to directly impact this student data?	What do we hope to see when we review that student data?	What we ended up seeing: (complete when reviewing midyear data)
Mid-Year Benchmark(s)	I-Ready Diagnostic reports; NWEA MAP reports; AIMSweb Benchmark Progress; Progress Monitoring logs for students with disabilities; Math & Reading Interventionist Conference with classroom teachers Data Walks NYS Test Data Extended day attendance & participation	setting, Improvement plan for students with disabilities	Students achieving 50% of their i-Ready Annual Typical Growth goals. 50% of students meet or exceed growth targets on ELA winter benchmarks. An increase in student achievement and students' ability to identify their relative strengths and weaknesses. Improved oral reading fluency scores as measured by AIMsweb. Continued annual review meetings to evaluate student progress on their individual goals. Increased proficiency in NYS testing scores. High attendance and increased academic proficiency.

Spring Survey Targets

We believe these spring survey responses will give us helpful feedback about our progress with our Instructional Key Strategy/Strategies:

	Survey Question(s) or Statement(s	Corresponding Key Strategies	2024-25 data if available (e.g., % agree or strongly agree)	Desired response (e.g., % agree or strongly agree)	What we ended up seeing: (complete once Spring survey results are available)
Student Survey	From student interviews: Do your peers take responsibility for their learning? Actions in school?	SMART goal setting	50%	75%	
Staff Survey	PS48. Most students have good habits for studying. T45. Students in this school have strategies to track their own learning. T59. We have an effective RTI program which provides targeted assistance for students in need	SMART goal setting SMART goal setting. School Improvement plan for students with disabilities	25.6% 71% 76.2%	65% 80% 85%	
Family Survey	C16. Training is provided to families in understanding student performance and test results. T30. My child(ren) is required to selfmonitor their progress and keep track of their own learning.	SMART goal setting	62.2%	80%	

Key Strategies

(What are we doing? Why are we doing this?)

In column 1, list the Non-Instructional Key Strategies that the school has identified as likely to improve student outcomes. The total number of Instructional and Non-Instructional Key Strategies should not exceed five, and the number of Non-Instructional Key Strategies should not exceed the number of Instructional Key Strategies. Unlike the Instructional Key Strategies, schools are not required to identify Non-Instructional Key Strategies.

Any strategy selected should reflect something **new** the school is introducing or something currently in existence that the school is **expanding** or **refining** for the upcoming school year. In column 2, specify whether the strategy is something new, something being expanded, or something being refined. In column 3, identify the data that indicates these strategies will be beneficial for our school. For any Key Strategy that is not something new, provide a 1-2 sentence summary of how the key strategy will be expanded or refined next year.

KEY STRATEGY	HOW TO DOES THIS COMPARE TO EXISTING EFFORTS?	WHY: What did we learn from our needs assessment that suggests this is the right Key Strategy and will have a positive impact on students? Use evidence. Consider both data trends observed and student interview responses. Additionally, for any Key Strategy that does not represent something new, provide 1-2 sentences describing how the school will expand or refine the Key Strategy next year.
Collaborate with families and staff members to provide ongoing, consistent, targeted social-emotional interventions.	□ EXPAND	This key strategy fits into what we envision for the school because we want to place an emphasis on socialemotional health which will support increased daily attendance. The School Performance Scan indicates a perception that our school does not have definitive procedures in place for students who are chronic offenders and/or experiencing on-going difficulties. This scan also indicates that many of our students are not open to corrective feedback and that student behavior interferes with instruction. Additionally, according to the Student Voice Survey, students enjoy school spirit weeks, school celebrations and feel safe and supported. However, students noted concerns about distractions in the classroom and the need for targeted social-emotional interventions. Student interviews noted barriers to learning such as distractions, lack of sleep, and issues they deal with outside of school. Students shared that items that could increase parent involvement are basket auctions, family field trips, afterschool clubs, sporting events, food, giveaways and Family Fun Nights, etc.

	Finally, the Family Engagement Survey emphasized that students' needs are being met in school, and we communicate well with parents and families. However, it also indicates the need for more family engagement, afterschool clubs, play, recess, and mentorship programs.

School Celebrations - Support Classroom and Family Engagement Committee. Checkins for support and resources.	Ongoing		
Parent Group- Continued engagement. Create a plan for the following school year.	Ongoing		

Progress Monitoring

How will we measure progress and impact for this Key Strategy?

·	What data will we be reviewing?	What we ended up seeing. What are our	
	J	we review that data?	next steps? complete when reviewing data
Early Progress Milestones (implementation/outcome data)	Student Attendance (EveryDay Labs), parent sign in sheets at events, schedules created for schoolwide celebrations.	Students will begin the school year with better attendance. Increased attendance at parent engagement events. Students who scored in Tier 3 for 24/25 will be on a counselor/social workers caseload and being seen weekly. Students are engaged in early interventions building self-awareness and self-esteem, teaching coping mechanisms while building relationships.	
Mid-Year Benchmark(s) (outcome data)	Student attendance (EveryDay Labs), parent attendance at events, BASC Data.	Increased student attendance. Increased parent attendance and engagement at school events. The number of tier 3 students on the BASC survey will be reduced.	

End-of-the Year Targets (outcome data)	Student attendance (EveryDay Labs), parent attendance at events, BASC Data, Stakeholder Surveys.	Increased student attendance. Increased attendance at parent engagement events as evidenced by sign-in sheets. The number of tier 3 students on the BASC survey will be reduced.

Civic Empowerment Project (schools in CSI only)

Background

As part of the New York State Every Student Succeeds Act Plan (ESSA) and Commissioner's Regulation 100.21, all schools identified for Comprehensive Support and Improvement (CSI) Support Model are required to annually implement a Participatory Budgeting Process or provide opportunities for parent and student engagement in a manner prescribed by the Commissioner.

Options for Schools

The Department has outlined six ways in which schools may address the requirement for schools in the CSI Support Model to implement Participatory Budgeting or an Approved Alternative:

- 1. Participatory Budgeting
- 2. Monthly School Focus Groups
- 3. Climate Survey Inquiry Team
- 4. Schoolwide Voting
- 5. Students Reimagining School
- 6. Design Your Own

These options were identified because they build on essential components of Participatory Budgeting: *expanding stakeholder voice, providing opportunities to practice democracy,* and *promoting civic engagement*.

The available options are described in more detail in the guidebooks available on the NYSED <u>Civic Empowerment</u> Projects website. Schools should consider how to incorporate their selection into their proposed Key Strategies.

Directions (Schools in CSI only)

Place an "X" in the box next to the Civic Empowerment Project the SCEP Development Team has selected for the
2025-26 school year.

Design Your Own (proposals should be sent to FieldSupport@nysed.gov)

Our Team's Process

Background

NYSED requires that the SCEP is developed in consultation with parents and school staff, and in accordance with §100.11 of Commissioner's Regulations. All schools are expected to follow the guidelines outlined in the document "Assembling Your Improvement Planning Team" This section outlines how we worked together to develop our plan.

Our Team's Steps

Our plan is the result of collaborating to complete several distinct steps:

- 1. Activity 1: Analyze: Data Variation Identification
- 2. Activity 2: Analyze: Data Variation Share and Explore
- 3. Activity 3: Analyze: Survey Data
- 4. Activity 4: Listen: Student Interviews
- 5. Activity 5: Envision: Reflect and Synthesize
- 6. Writing the Plan

Team Collaboration

In the first two columns, identify the members of the SCEP team and their role (e.g., teacher, assistant principal, parent). In the rest of columns, indicate that team member's participation in each of the activities by identifying the date that person participated in that activity OR leaving the space blank if the person did not participate in that activity.

Name	Role	0	4 = 0	∀ ⊏ ′′	4 = 0		шс	۵ – ه
Example: Mary James	ELL Teacher	4/3	5/1	5/8	5/12	5/23, 6/9	6/5,6/6	6/16, 6/27, 6/30
Lynne Tompkins	Principal	х	х	х	х	х	x	х
Allen Cowart	Assistant Principal	х	х	х	х	х	x	х
Nicole Cafarella	School Psychologist	х	х	х	х	х		x
Cathy D'Angelo	School Counselor	х	х	х	х	х		x
Simone Beckford	Teacher	х	х			х		x
Dasha Colvin	Teacher	х	х	х	х			
Ashley Hardy	Teacher	х	х	х	х	х		х
Patricia Hennegan	Teacher	х		х	х			
Jennifer Mettler	Teacher	х	х	х	х	х		х
Andrea Tomala	Teacher	х	х	х	х	х		х

Our Team's Process

Next Steps

Sharing the Plan

Schools in the CSI Model

As you develop your plan, please feel free to share the plan with your NYSED liaison for input when it would be helpful. When the SCEP team is satisfied with the plan, use the <u>SCEP Rubric</u> to consider where there may be opportunities to strengthen the plan. After the team has analyzed the completed plan using the <u>SCEP Rubric</u> and made any necessary revisions, the principal should email the NYSED liaison and:

- 1. Confirm that the team has reviewed the plan using the SCEP rubric, ensured the plan <u>met minimum</u> <u>expectations</u>, and made any necessary changes;
- 2. Identify the areas of the plan where the team feels most confident;
- 3. If applicable, specify any areas of the plan where the team feels less confident. The principal may also request a follow-up meeting to further explore these areas prior to meeting with the NYSED liaison.
- 4. Indicate to your liaison that the school is ready to share its full plan for verification that it meets NYSED's minimum expectations. Plans should be shared by **July 1, 2025**.
- 5. Once the plan is finalized, representatives from the school and district should meet to complete the <u>SIG</u> Expenditure Plan.
- 6. Ensure that the district (Superintendent or designee) and local Board of Education have approved the plan and the plan is posted on the district website.

Schools in the ATSI model and TSI Model

- 1. When the SCEP team is satisfied with the plan, use the <u>SCEP Rubric</u> to consider where there may be opportunities to strengthen the plan. After the team has analyzed the completed plan using the SCEP rubric and made any necessary revisions, please share the plan with your District, who will verify that the plan meets <u>NYSED's minimum expectations</u>. Once your plan is finalized, representatives from the school and district should meet to complete the <u>SIG Expenditure Plan</u>. Plans will need to be approved by the District before the first day of the 2025-26 school year.
- 2. The final plan will need to be approved by the local Board of Education and posted on the district website.

Implementing the Plan (All Schools)

- 1. Ensure the plan is implemented no later than the first day of school.
- 2. Monitor implementation closely and adjust as needed.
- 3. Plan to have the SCEP team reconvene during the year to discuss implementation and review progress in relation to the Early Progress Milestones and Mid-Year benchmarks identified.
- 4. Ensure that there is professional development provided to support the strategic efforts described within this plan.
