A MESSAGE FROM THE DIRECTOR

Good evening and welcome to the Niagara Proscenium Players production of *The Diary of Anne Frank*. Anne Frank and her family went into hiding for two years in Amsterdam, while World War II ravished Germany and the Nazis set a course of destruction and persecution of Jewish people. The Frank Family as well as The Van Pels (Van Daan) Family (Hermann, Auguste and son Peter) and Fritz Pfeffer (Mr. Dussell), went into hiding in an Annex above a store until they were eventually found and sent to concentration camps where they would experience unimaginable horror. The Holocaust is one of the most atrocious events to occur in world history and will forever leave an unhealed wound in the spirit of mankind. Anne's story has had a huge impact on the world and humanity ever since her diary was discovered and published. Anne kept a diary detailing life as they hid away in an attic. This all happened as Anne was growing from a young girl into her teenage years. The spirit of this beautiful young lady continues to inspire us all 79 years after her death.

As a director, I have a passion for telling stories about the human spirit and how we thrive as we endure the many ups and downs of life. Anne's story is definitely a story that I have always wanted to tell. Her ability to remain so positive while living in a world of hate, fear and hiding is the most beautiful and tragic tale I have ever come across. Anne did have her moments of frustration. Her final diary entry reads: "When everybody starts hovering over me, I get cross, then sad, and finally end up turning my heart inside out, the bad part on the outside and the good part on the inside and keep trying to find a way to become what I'd like to be and what I could be if...if only there were no other people in the world". While reading the script and researching Anne's life and ordeal, it became very apparent to me that there is an Anne in all of us. It's scary to think that in the blink of an eye, what happened to Anne and 8 million other human beings could happen again to any of us.

For me, this play is important on so many levels. As an educator, I believe that it is important for our students to learn about the past. Learning about the great things of the past will help us to grow and prosper. Learning about the bad things of the past will help us to never repeat it. As an artist, I feel that *The Diary of Anne Frank* is an excellent play for a group of actors to totally engross themselves in as they hone their talent and skill sets.

***Good luck,
Stephen***

***Love,
Grandma &
Grandpa***

A MESSAGE FROM THE DIRECTOR (con't)

Today, society is experiencing a great divide that seems to be moving toward us repeating unsavory parts of our past. This is a perfect time to revisit Anne Frank's story and how she maintained such a positive mindset. With so many differences in our world and the hate filled vitriol that we seemed to have grown accustomed to hearing every day, a positive mindset is needed. One of Anne Frank's diary entries reads: "In spite of everything, I still believe that people are good at heart". Those words resonate deep in my spirit and come to my mind on a daily basis for me.

As we take you on this journey tonight, you may experience feelings of fear, hate, pain, joy...every emotion known to us. Hopefully the one and most important emotion you'll feel is Love. Love for art, love for self, love for all.

Again, we welcome you to tonight's performance and we hope that you enjoy the show. We also hope that you leave the theatre with a greater sense of how you and your words and treatment of others can change this world in the most beautiful ways possible.

Thank you.

From my Spirit to yours.

Dennis Wilson, 2023
